## Russ Emanuel's New Feature Film Trailer "Wisper"

Our good friend Russ Emanuel is sharing with our listeners his trailer to his latest feature film *Wisper*. Judging by the trailer this one is going to an intense ride. It centers around one of the worst fears someone can have, losing their family from a person murdering them in your house. But the question is – is Josiah Wisper the victim or the perpetrator to this heinous crime? Check out Russ' latest directorial feature film, *Wisper*, trailer through Vimeo:
